

# Testimonial

It has been my pleasure to work with the Iola and Rural Fire Department as part of its governing board since 1999. The commitment to training and professionalism by our volunteers is second to none. The level of support given by the municipalities that share funding and governance responsibilities is very high. The Village of Iola and the Towns of Iola, Helvetia, Harrison and New Hope are very proud of our fire department. It

has proven time and again what it can do, from the great Father's Day Fire of 1999 in the Village of Iola, to simple brush fires. When they are called, the volunteers are ready to go and perform on a professional standard.

Dave Harper  
Trustee and former president,  
Village of Iola
